THE BROWNE'S NEED YOUR HELP

On July 3, 2014 life changed instantly for 13 yr. old Robert Browne who became paralyzed following a devastating accident at surf camp in his hometown of Long Beach, N.Y. Additionally, the Browne family lost their home to Hurricane Sandy and have been displaced living in a trailer with 3 boys and their dog. Construction on their home was nearly complete, but now necessitates an elevator, wider hallways and handicap accessibility. Our goal is to raise money to help cover Robert's substantial ongoing medical expenses and reconstruction costs.
